DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This combined commercial and residential structure is a four story two bay brick building which would appear to date from the turn of the century period. The first story is occupied by a store front consisting of large plate glass windows on either side of a recessed entrance. Above each plate glass window is a transom consisting of four single panes. Apparently at one time there was a three story porch above the store front; evidence of its supports remains on the walls. Doors flanked by sash windows opened onto the porches at the second, third and fourth stories. The doors have been covered and the opening at the second story has been turned into a smaller projecting bay. Windows have six over one pane sash beneath rock faced stone or cast concrete lintels. An entrance leading to the upper stories is located in the north bay of the facade. The building is covered with a bracketed cornice.
